

“BEST OF ASIA-PACIFIC”
HOSPITALITY DESIGN; DECEMBER 2023

The Taikang Sanya Hainan, China

Inspired by ancient Chinese walled cities, Neri&Hu Design and Research Office crafted the Tribute Portfolio Resort as two distinct pieces: a wooden dwelling housing 343 guestrooms is perched atop a masonry base that contains the public areas. Two L-shaped buildings come together to form a central water courtyard, off of which sits the lobby evoking a tranquil garden. Handmade clay bricks celebrate local craftsmanship, while fabrics and rugs are inspired by the textile arts of the Li minority tribe.
